DIGITAL ACCOUNTANTS SUMMIT

Kolkata 2019

Dear Sir / Madam,

Digital Transformation is moving rapidly in our profession and if you still think that “*going digital*” is only relevant for industries like tech, media and entertainment – **THINK AGAIN...**

With the processes getting automated using RPA (Robotics Processes Automation), the human experience and intelligence getting virtual using AI (Artificial Intelligence), and with machines learning of their own using ML (Machine Learning), it is now high time that we professionals start embracing technology in both our personal and professional lives.

This Full Day **Digital Accountants Summit Kolkata 2019** will pave way for upskilling professionals with the Right Mindset, Skillset and Toolset that will help them leverage technology to get future ready. To make it more insightful, Lab (Workshop) sessions for practical case studies have been organized in parallel to the Educational sessions.

The Summit is being jointly organised with ACAE (Association of Corporate Advisers and Executives), IIA-Kolkata (Institute of Internal Auditors) and with NASSCOM (National Association of Software and Service Companies) as its Knowledge Partner.

It will be attended by 300+ CAs from across the country especially from Eastern Region along with representatives from Industry & Academia and graced by the presence of government officials, eminent dignitaries besides CEOs, CFOs, eminent speakers and CAs who are in practice as well as from industry.

We sincerely look forward for your presence at the **Digital Accountants Summit, Kolkata 2019**.
